

WHAT FAMILIES ARE SAYING ABOUT FCS...

"Just because FCS is a "Christian School" is not why it has had such a profound impact on my family. **YOU** are why. **Each of you.** Your sincerity, professionalism, love, kindness, strength, encouragement, and the down-to-earth blunt faith. In and out of the classroom. In your words but more importantly in your actions. A door was reopened in our hearts. This family's journey was meant to bring us to FCS and you into my child's life, our life. I lack the skill with written word to describe how huge this gift has been to our family. Somehow, somehow FCS and you became God's tool...thus our gift."

"Being a part of Mom's In Touch blesses me by participating in prayer each week. We pray on behalf of our students, faculty, and staff as we actively seek the Lord's guidance for our school."

"The staff has always been friendly and helpful."

"We love FCS and appreciate all the hard work that goes into making it a wonderful school for the children."

"We appreciate the fact that the school is non-denominational and focuses on what unites Christians."

"My preschool child is learning so much. We are very pleased with the Bible lessons he gets and comes home to share with us. I tell everyone about how wonderful his school is!"

"We have had a wonderful first year at Fayetteville Christian School. My daughter is flourishing. She really enjoys the Bible stories that they learn and I believe that they help her with the basics of learning too."

"Our kindergartener is learning life lessons along with academic ones. He helped raise money for children's cancer research by being a part of Alex's Lemonade Stand."

From Elementary School:

"We have no regrets about placing our son in FCS's developmental kindergarten. He is experiencing how much fun learning can be."

"My kindergartner enjoys singing and drawing and Fayetteville Christian School encourages not only academics but also the creative side of a child."

"We are very pleased to be a part of Fayetteville Christian School."

"I have been very pleased with my child's teacher and her interaction with my child. She has given my child everything he needs and then some this fall. She is truly a blessing!"

"I would just like say that my kindergartner has done a 180 degree turn for the better. Prior to starting school here at FCS, she started K5 at year round school in a public setting. She had 32 children in her class and did not get the love and attention she deserved. Her school work was always incomplete, she never wanted to go to school, and I had to fight with her every night to do her homework. Now, her class size is smaller, she loves to come to school everyday, her work is always completed, and she does her homework without any complaints. Hopefully, she will be able to attend FCS as long as the military keeps me in one spot."

From Jr. High and High School:

"Thank you to all of my child's teachers and everyone at Fayetteville Christian School for everything you have given my child."

"I have two sons in middle school and they have both been blessed this year at FCS. We came here this summer from another state where my boys attended a public school. It was a large school where it was easy to get lost in the crowd. Here at FCS both my boys feel like they are part of a family. They were embraced from the first day they walked on campus."

"My two children immediately fell into place and made many friends. Both my husband and I are impressed with the respect the older students show to the younger ones. You just don't see bullying the way my kids had witnessed it in the public schools. Here at FCS it is not tolerated."

"Parents can rest assured that their children are loved by the staff and are being taught wonderful, Christian values. They will grow spiritually as well as academically at FCS. We are thrilled to be a part of this wonderful community."
