

Church Attendance Form for Grades 4-12

Name: _____ Class Period: ____ Date: _____
Name of Church you attended: _____ Circle– Virtual Or In Person

As agreed upon during the enrollment process, FCS families are expected to physically attend church regularly. Although we know attending church does not make one a Christian, the Bible exhorts us in Hebrews 10 to not neglect the gathering together with other believers. We need the body of Christ and the study of the Word to grow. Families attending church together helps develop lifelong disciplines. *Watching church solely online does not fulfill this exhortation.* Although there are times when this may be necessary due to work, travel or illness, it should be the exception. 6-12 grade students may only turn in ONE online church attendance form per quarter. Students in 4th/5th grades may not turn in any virtual forms since they are only required to turn in one form per quarter. Students may also fulfill the requirement by attending a midweek youth group that includes the study of the Bible. Students/families who do not attend church regularly will be contacted by the teacher/administration.

Briefly summarize the message and give one scripture used.

Parent/Guardian Signature: _____ (must be signed)
